

## Environmental compliance

GRI 2-27/306-2

### Proper management of polychlorinated biphenyl (PCB)

The NOF Group properly stores and manages PCB waste in accordance with the Law Concerning Special Measures Against PCB Waste, and disposes of such waste by commissioning disposal operators as prescribed by laws and regulations.

All treatment of high-concentration PCB has been completed as of the end of March 2023, the final deadline for treatment. As for low-concentration PCB, we have completed the survey of all equipment containing PCB, including PCB components contained in paint coatings, and are systematically replacing the equipment and changing the coatings to meet the treatment deadline of the end of March 2027.

### Compliance status to Acts related to the environment

There was no violation of Acts related to the environment.
