

Status of Internal Auditing (RC Audits)

It is important to improve the effectiveness of RC activities through internal audits.

We have been conducting RC auditing of all NOF plants and works since fiscal 1998 as well as of our domestic and overseas subsidiaries with manufacturing divisions since fiscal 2005 in order to strengthen our self-inspection activities and promote RC activities.

In fiscal 2023, we are conducting planned audits of the entire NOF Group, including overseas businesses, like before the COVID-19 pandemic.

In addition to confirming progress toward the RC activity targets set annually by the NOF Group, the audits also set common priority themes each time. By probing these themes, we are endeavoring to raise the level of activities conducted at each works to ensure the five components of safety.

If any item needs improvements, we follow up on the progress and confirm the completion of measures.

Priority themes in the past five years are listed on the right.

Implementation status of RC auditing

FY	Priority theme in audit
FY2019	<ul style="list-style-type: none">● Confirmation of the status of maintenance and management for environmental facilities● Confirmation of the status of SDS management● Confirmation of safety upon delivering hazardous materials● Confirmation of status of management of specific chemical substances
FY2020	<ul style="list-style-type: none">● Confirmation of the preparedness for earthquakes and tsunami● Confirmation of status of management of PCB waste disposal● Confirmation of safety measures for movable objects● Confirmation of monitoring of legal and regulatory changes
FY2021	<ul style="list-style-type: none">● Propose use of hoses● Confirmation of management status for the Ordinance on Prevention of Organic Solvent Poisoning and Ordinance on Prevention of Hazards Due to Specified Chemical Substances● Confirmation of appropriate protective equipment decisions and usage control status● Confirmation of energy management status
FY2022	<ul style="list-style-type: none">● Amendment of the Act on Confirmation, etc. of Release Amounts of Specific Chemical Substances in the Environment and Promotion of Improvements to the Management Thereof (PRTR Act)● Confirmation of safety of portable equipment● Confirmation of implementation of safety assessments● Confirmation of progress of CO₂ reduction measures
