## NOF to Exhibit and Present at TIDES USA 2025

Tokyo, Japan – April 25, 2025 – NOF CORPORATION is pleased to announce its participation in the upcoming **TIDES USA 2025: Oligonucleotide and Peptide Therapeutics**, which will be held at Manchester Grand Hyatt San Diego, San Diego, CA, USA from May 19 to 22. The company is a Bronze sponsor in the event.

The Conference website: <https://informaconnect.com/tides/>

As a part of the event, the company will showcase its products for Drug Delivery System at **Booth #307** from **May 20 to 22**.

Additionally, Syed Reza, Drug Delivery Consultant at NOF CORPORATION, will present on the following topic on **May 20** in the Spotlight Presentation.

### **Title**

Biodegradable Lipid Nanoparticles with Tunable Immunogenicity

### **Date & Time**

May 20 / 12:05 p.m. – 12:35 p.m. (PDT)

### **Place**

Spotlight Presentation Luncheon 1

### **Speaker**

Syed Reza, *Scientific and Sales Consultant, NOF CORPORATION*

### **Abstract**

The immunogenicity of ionizable lipids is a significant issue in applications such as gene editing or mRNA therapeutics. We have developed a novel chemical family of biodegradable lipids (COATSOME® SS Series) that exhibit exceptional stability in the circulating state and only break down when triggered by specific stimuli present in the cytosol. We will present further data on the cytokine profile, toxicity, and efficacy of COATSOME® SS Series in multiple animal models.

NOF CORPORATION invites attendees to visit booth #307 to explore their innovative drug delivery solutions and engage with their experts.
