NOF to Exhibit and Present at PEGS BOSTON 2026

Tokyo, Japan – April 6, 2026 – NOF CORPORATION is pleased to announce its participation in the upcoming **22nd Annual PEGS BOSTON 2026**, which will be held at the Omni Boston Hotel at the Seaport, Boston, MA USA from **May 11 to 15**. The company is a Corporate Sponsor in the event.

The Conference website: <https://www.pegsummit.com/>

As part of the event, NOF CORPORATION will showcase its products for the Drug Delivery System at **Booth #717 from May 11 to May 14**.

Additionally, Syed Reza, Scientific & Sales Consultant at NOF AMERICA CORPORATION (a subsidiary of NOF CORPORATION), will present on the following topic on **May 14**.

Presentation Title

Hybrid adjuvant-LNP mRNA Vaccines Elicit Robust CD8+ T-Cells against Neoantigen Tumors and Suppress Tumor Growth

Date & Time

May 14 / 10:35a.m. – 10:50 a.m. (EDT)

Place

IMMUNOTHERAPY / Next-Generation Immunotherapies

Speaker

Syed Reza, Scientific & Sales Consultant at NOF AMERICA CORPORATION

Presentation

Effective mRNA cancer vaccines require lipid nanoparticles (LNPs) that balance cytoplasmic mRNA delivery with immune stimulation. We present a hybrid LNP platform, LNP(OP/EC), that combines two distinct ionizable lipids: COATSOME[®] SS-OP, for high transfection efficiency, and COATSOME[®] SS-EC, containing a Vitamin E scaffold for potent adjuvant effects. This hybrid LNP demonstrated specific cellular immunity against neoantigen tumors while minimizing general inflammatory responses.

NOF CORPORATION invites attendees to visit booth #717 to explore its innovative drug delivery solutions and engage with its experts.
