NOF METAL COATINGS Group company name change

Commencing on April 1<sup>st</sup>, 2010, the companies of our group changed its company names as described below. NOF Corporation as shareholder of these companies decided to change its group company names in order to clarify and emphasize our global operational presence in thin film zinc flake corrosion protection systems.

Our name change and group unification is a great step forward to better serve our customers' expectations as a truly global corporation, and enhancing our corporate values by uniting and focusing the efforts of our worldwide employees. We sincerely look forward to working with you as 'NOF METAL COATINGS' worldwide.
