whom it may concern

NOF CORPORATION

Impact of the Taketoyo Plant accident on this fiscal year's results

We hereby announce the impact of the pipe rupture accident that occurred on September 14, 2023 at Taketoyo Plant of our Aichi Works on our consolidated business performance for the current fiscal year.

Impact on business performance

The impact of this accident on our consolidated business results for the current fiscal year is negligible. We will promptly announce any future events that may have a significant impact on our business performance.

Impact on manufacturing and shipping

Although manufacturing of some products related to the ruptured pipe has been suspended, there is no impact on other chemical products and manufacturing and shipments of domestic plants.
